EXPERIENCE

BIOSYSTEM CONSULTANCY 2024-PRESENT

In my role as a graduate architect, I've had the privilege of working on various projects encompassing residential units, apartments, villas, masterplan developments, and interior design ventures. Each opportunity has offered invaluable experience and growth.

BIOSYSTEM CONSULTANCY 2021-2023

While pursuing my architecture education, I worked in a part-time capacity. Throughout this period, I engaged in various design projects and conducted numerous site visits, each experience contributing to my growth and practical experience within the field.
